- Large Farm Stoop with Tables and Chairs.
- Big screen T.V's
- Lounge and relaxation area
- Beautiful green lawns
- Bonfire pit

Sports Skydivers Information:

With its close proximity to Johannesburg and stunning views over the Vaal River and Vredefort Dome World heritage site, Skydive Parys is an ideal location for enjoying sport jumping.

Our dropzone community welcomes all levels of skydivers to join us at the DZ. Registration and Pre-manifest is essential to ensure that your requirements are met. All sport skydivers must be current, members of the Parachute Association of South Africa and must be holders of a current PASA licence. International skydivers are required to take out a Temporary PASA membership, which will be available at the Boogie.

On arrival at Skydive Parys you will be required to complete a comprehensive indemnity waiver and provide your logbook, PASA card and skydiving equipment for inspection. DZ orientation will follow prior to your jumps.

There is a selection of skydiving equipment to hire at the DZ, but sports skydivers are required to be self-sufficient with their own gear. Packers of sports equipment will be arranged but we urge you to acquire this essential skill in your sport and pack for yourself.

While altitude is never guaranteed, Sport skydivers can expect a minimum drop altitude of 11,000ft AGL from our Apollo T (Turbine) which is fitted with an in flight door as well as skydivers step, handles, comfortable floor mat and other skydiver friendly accessories."

Due to the high demand from Sport Skydivers. During busy periods, we will also operate suitable turbine aircraft to meet the demands of both our Tandem student and sport skydivers. (When we need extra lift capacity an Atlas Angel or Pilatus Porter will be utilised, minimum drop altitude is 11,000ft AGL).

Sports Skydivers are required to pay a Boogie registration fee of **R350** per person. Pre manifest is essential and Skydivers will not be manifested if they have not paid the registration fee. Sports Skydivers will only be refunded if their jumps are cancelled due to weather or technical issues.

Skydive Boogie Jump Ships

Skydive Parys will operate a variety of jump ships during the Boogie. We will operate our Apollo T “turbine” aircraft and if the demand is there for a 2nd Turbine we will arrange either a Pilatus Porter or an Atlas Angel. All Loads to a drop altitude of 11 000 Feet Above Ground level.
